THE HUME LITERATURE FOR 1980

The Hume literature from 1925 to 1976 has been thoroughly covered in my book Fifty Years of Hume Scholarship: A Bibliographical Guide (Edinburgh University Press, 1978; £7.00), which also lists the main earlier writings on Hume. Publications of the years 1977 to 1979 were listed in Hume Studies for the last three Novembers.

What follows here will bring the record up to the end of 1980. Readers are invited to inform me of any omissions, and to send me offprints of their own articles and reviews. The intention is to maintain a complete bibliographical record of critical work on Hume, by the regular publication in Hume Studies of an annual bibliography covering the previous year, with addenda consisting of items omitted through ignorance in previous years. References to recently-appearing reviews (of books from earlier lists) are given at the end.

The following abbreviations of journal titles are used here:

APQ	American Philosophical Quarterly
JHI	Journal of the History of Ideas
JHP	Journal of the History of Philosophy
JP	Journal of Philosophy
PAS	Proceedings of the Aristotelian Society
PB	Philosophical Books
PQ	Philosophical Quarterly
PR	Philosophical Review
RIP	Revue Internationale de Philosophie
RM	Review of Metaphysics
TLS	Times Literary Supplement

Other abbreviations should be obvious enough, and mainly follow the British Standard (no. 4148).
